JLCB-E-5, Notice of Exclusion, Exhibit 5 to Policy

JLCB, Immunization of Students

Revised May 25, 2016

## Notice of Exclusion

## Immunization Record Needed for School or Child Care Attendance

Note to Health Care Provider: Colorado Statute 6 CCR 1009-2 mandates the establishment of school required immunizations through the authority of the Colorado Board of Health as a requirement for student attendance in Colorado schools. The "required" school immunization schedule includes the vaccines listed in this document and follows the Advisory Committee on Immunization Practices (ACIP) schedule. It is important that health care providers follow the age and interval requirements for ACIP to include the 4 day grace period for age and intervals. For example, an MMR given more than 4 days before the 1st birthday is an invalid dose and will need to be repeated in order for schools to accept that vaccine. Please contact the Colorado Immunization Branch at 303-692-2700 if you have questions about the school required immunization requirements. Thank you.
